Proper Citation: French National Authority for Health (RRID:SCR_011238)

Description: An independent public scientific authority responsible for promoting the quality and safety of patient care and to guarantee equity within the healthcare system. HAS activities are diverse ranging from assessment of drugs, medical devices, and procedures to publication of guidelines to accreditation of healthcare organisations and certification of doctors. All are based on rigorously acquired scientific expertise. Training in quality issues and information provision are also key components of its work program.
