Proper Citation: DiscoverX Cat# 96-0060C1, RRID:CVCL_KW09

Description: Cell line InCELL Hunter HEK 293 SMARCA4 Bromodomain is a Transformed cell line with a species of origin Homo sapiens (Human)

Sex: Female

Comments: Characteristics: InCELL Hunter cell lines express a transfected target protein fragment tagged with a beta-galactosidase fragment (enhanced ProLabel=ePL). The technology measures compound binding to an intracellular target by detecting changes in protein stability. The amount of fusion is quantified through the addition of substrate and a second enzyme fragment (Enzyme acceptor=EA).

Category: Transformed cell line

Organism: Homo sapiens (Human)

Name: InCELL Hunter HEK 293 SMARCA4 Bromodomain

Cross References: DiscoverX:96-0060C1, Wikidata:Q54897724

ID: CVCL_KW09

Vendor: DiscoverX

Catalog Number: 96-0060C1

Hierarchy: cvcl_0045

Record Creation Time: 20250130T071954+0000

Record Last Update: 20260830T001633+0000

Ratings and Alerts

No rating or validation information has been found for InCELL Hunter HEK 293 SMARCA4 Bromodomain.

No alerts have been found for InCELL Hunter HEK 293 SMARCA4 Bromodomain.
