Proper Citation: DiscoverX Cat# 93-0442C2, RRID:CVCL_KX93

Description: Cell line PathHunter CHO-K1 LXRbeta Protein Interaction is a Spontaneously immortalized cell line with a species of origin Cricetulus griseus (Chinese hamster)

Sex: Female

Comments: Characteristics: PathHunter NHR protein interaction cell lines co-express a NHR tagged with a beta-galactosidase fragment (ProLink=PK) and a receptor co-activator tagged with another fragment (Enzyme Acceptor=EA). Activation of the NHR results in co-activator-EA recruitment thus resulting into a catalytically active enzyme that generate a chemiluminescent signal.

Category: Spontaneously immortalized cell line

Organism: Cricetulus griseus (Chinese hamster)

Name: PathHunter CHO-K1 LXRbeta Protein Interaction

Cross References: DiscoverX:93-0442C2, Wikidata:Q54937825

ID: CVCL_KX93

Vendor: DiscoverX

Catalog Number: 93-0442C2

Hierarchy: cvcl_0214

Record Creation Time: 20250130T072606+0000

Record Last Update: 20260816T001416+0000
