A549 VIM RFP

RRID:CVCL_LI35

Type: Cell Line

Proper Citation

RRID:CVCL_LI35

Cell Line Information

URL: https://web.expasy.org/cellosaurus/CVCL_LI35

Proper Citation: RRID:CVCL_LI35

Description: Cell line A549 VIM RFP is a Cancer cell line with a species of origin Homo sapiens (Human)

Sex: Male

Disease: Lung adenocarcinoma

Comments: Characteristics: Using CRISPR/Cas9 a red fluorescent protein (RFP) tag was added to the C-terminal of the VIM gene. Allows to monitor the epithelial-to-mesenchymal transition (EMT) status of cells in vitro by monitoring RFP expression., Population: Caucasian.

Category: Cancer cell line

Organism: Homo sapiens (Human)

Name: A549 VIM RFP

Synonyms: A549 Vim RFP, A-549 VIM RFP

Cross References: ATCC:CCL-185EMT, cancercellines:CVCL_LI35, Wikidata:Q54607012

ID: CVCL_LI35

Hierarchy: cvcl_0023

Record Creation Time: 20220427T215107+0000

Record Last Update: 20260904T021134+0000

Ratings and Alerts

No rating or validation information has been found for A549 VIM RFP.

No alerts have been found for A549 VIM RFP.
