COV434

RRID:CVCL_2010

Type: Cell Line

Proper Citation

RRID:CVCL_2010

Cell Line Information

URL: https://web.expasy.org/cellosaurus/CVCL_2010

Proper Citation: RRID:CVCL_2010

Description: Cell line COV434 is a Cancer cell line with a species of origin Homo sapiens (Human)

Sex: Female

Disease: Ovarian small cell carcinoma, hypercalcemic type

Defining Citation: [PMID:8436435](#), [PMID:9413942](#), [PMID:15541573](#), [PMID:22460905](#), [PMID:23839242](#), [PMID:25485619](#), [PMID:25877200](#), [PMID:25984343](#), [PMID:26589293](#), [PMID:30894373](#), [PMID:31068700](#), [PMID:33328126](#)

Comments: Characteristics: Because it conserved a number of properties of normal human granulosa cells, it is used in the investigation of such cell type., Population: Caucasian., Part of: Cancer Dependency Map project (DepMap) (includes Cancer Cell Line Encyclopedia - CCLE)., Problematic cell line: Misclassified. Originally thought to be an ovarian granulosa cell tumor but seems to be a small cell carcinoma of the ovary, hypercalcemic type (SCCOHT) (PubMed=33328126)..

Category: Cancer cell line

Organism: Homo sapiens (Human)

Name: COV434

Synonyms: COV-434, COV 434

Cross References: EFO:EFO_0006384, ArrayExpress:E-MTAB-2706, ArrayExpress:E-MTAB-2770, BioGRID_ORCS_Cell_line:599, BioSample:SAMN03473273, BioSample:SAMN10987973, cancercellines:CVCL_2010, Cell_Model_Passport:SIDM01476, Cosmic:1149408, Cosmic:1213590, Cosmic:1429992,
