Description: Cell line S006AA is a Finite cell line with a species of origin Homo sapiens (Human)

Sex: Male

Defining Citation: [PMID:15162380](#)

Comments: Problematic cell line: Possibly misidentified. Was reported to originate from the same patient as E006AA (Cellosaurus=CVCL_4834) which has been shown to be a 786-O derivative (Cellosaurus=CVCL_1051). But as this cell line is non-tumorigenic it could well originate from the prostate carcinoma patient..
