MDCK cpstFRET-Actin

RRID:CVCL_ZV90

Type: Cell Line

Proper Citation

RRID:CVCL_ZV90

Cell Line Information

URL: https://web.expasy.org/cellosaurus/CVCL_ZV90

Proper Citation: RRID:CVCL_ZV90

Description: Cell line MDCK cpstFRET-Actin is a Spontaneously immortalized cell line with a species of origin *Canis lupus familiaris* (Dog)

Sex: Female

Defining Citation: [PMID:25422450](#)

Comments: Characteristics: Has one actin molecule attached to the C-terminal of cpstFRET, leaving the other end of the probe dangling free and the probe devoid of tension (force-free control). The cpstFRET (circularly permuted stretch sensitive FRET) sensor consists of a pair of tandemly connected circularly permuted CFP/YFPs (cpCerulean/cpVenus). Mechanical loading twists the dipole orientation from near parallel to diagonal, decreasing FRET efficiency.

Category: Spontaneously immortalized cell line

Organism: *Canis lupus familiaris* (Dog)

Name: MDCK cpstFRET-Actin

Synonyms: MDCK cpA

Cross References: Wikidata:Q98127199

ID: CVCL_ZV90

Hierarchy: cvcl_0422

Record Creation Time: 20220427T220757+0000

Record Last Update: 20260809T001632+0000
