IL1 receptor I antibody

RRID:AB_374332

Type: Antibody

Proper Citation

GeneTex Cat# GTX22575, RRID:AB_374332

Antibody Information

URL: http://antibodyregistry.org/AB_374332

Proper Citation: GeneTex Cat# GTX22575, RRID:AB_374332

Target Antigen: IL1 receptor I antibody

Host Organism: rabbit

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: IgG; IgG ELISA, Immunoprecipitation, Radioimmunoassay. Immunoprecipitation: 1:400 - 800 dilution: Pre-clearing with a non-specific rabbit IgG is helpful to reduce background. This antibody is directed against the extracellular domain of the human IL-1R Type I, but precipitates the intact receptor expressed on human cells. ELISA: 1:1000 - 2000 dilution: In ELISA formats and other immunoreactive assays, this antibody will detect the extracellular domain of the IL-1R Type I (also called soluble IL-1R Type I or & 34;& 34;decoy& 34;& 34; receptor) found in human body fluids, particularly in the circulation, urine and supernatants of cells and synovial fluid. RIA: 1:8000 dilution: Optimal titers for other applications should be determined by the researcher.; Immunoprecipitation; ELISA; Radioimmunoassay

Antibody Name: IL1 receptor I antibody

Description: This polyclonal targets IL1 receptor I antibody

Target Organism: primate, human

Antibody ID: AB_374332

Vendor: GeneTex

Catalog Number: GTX22575

Record Creation Time: 20250820T035238+0000

Ratings and Alerts

No rating or validation information has been found for IL1 receptor I antibody.

Warning: Discontinued at GeneTex
