PCK1 / PEPCKC (internal) antibody

RRID:AB_10722768

Type: Antibody

Proper Citation

GeneTex Cat# GTX89406, RRID:AB_10722768

Antibody Information

URL: http://antibodyregistry.org/AB_10722768

Proper Citation: GeneTex Cat# GTX89406, RRID:AB_10722768

Target Antigen: PCK1 / PEPCKC (internal) antibody

Host Organism: goat

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: ELISA; Immunohistochemistry; Preliminary experiments gave bands at approx 70kDa, 45kDa and 28kDa in Human Adipose, Kidney and Liver lysates after 0.3 µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the additional bands we observe given the calculated size of 69.2 kDa according to NP_002582.2. All three detected bands were successfully blocked by incubation with the immunizing peptide (and BLAST results with the immunizing peptide sequence did not identify any other proteins to explain the additional bands). We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? In paraffin embedded Human Cerebral Co

Antibody Name: PCK1 / PEPCKC (internal) antibody

Description: This polyclonal targets PCK1 / PEPCKC (internal) antibody

Target Organism: rat, canine, mouse, dog, human

Antibody ID: AB_10722768

Vendor: GeneTex

Catalog Number: GTX89406

Record Creation Time: 20250819T234111+0000

Record Last Update: 20250820T060621+0000

Ratings and Alerts

No rating or validation information has been found for PCK1 / PEPCKC (internal) antibody.

Warning: Discontinued at GeneTex
