[pMD2.G](#)

RRID:Addgene_12259

Type: Plasmid

Proper Citation

RRID:Addgene_12259

Plasmid Information

URL: <http://www.addgene.org/12259>

Proper Citation: RRID:Addgene_12259

Insert Name: VSV G

Bacterial Resistance: Ampicillin

Vector Backbone Description: Vector Backbone:pMD2.G; Vector Types:Mammalian Expression, Lentiviral, Envelope; Bacterial Resistance:Ampicillin

Comments: Please note that this plasmid runs as a dimer (>11kb). While this may reduce DNA yield, the plasmid still functions as expected for lentivirus packaging. Envelope plasmid. Known to work with most Aebischer and Trono lab lentiviral vectors, as well as the pLKO system. Please visit the Trono lab <http://tronolab.epfl.ch> for cloning strategies, protocols, publications, and more.

Plasmid Name: pMD2.G

Record Creation Time: 20220422T221641+0000

Record Last Update: 20260905T074612+0000

Ratings and Alerts

- Used for DNA packaging by the Human Islet Research Network community. Contact(s): [Seung Kim](#), [Patrick MacDonald](#) - Human Islets Research Network <https://hirnetwork.org/>

No alerts have been found for pMD2.G.

Data and Source Information

Usage and Citation Metrics

We found 8105 mentions in open access literature.

Listed below are recent publications. The full list is available at [dkNET](#) .
