pDONR223-DGKK

RRID:Addgene_23487

Type: Plasmid

Proper Citation

RRID:Addgene_23487

Plasmid Information

URL: <http://www.addgene.org/23487>

Proper Citation: RRID:Addgene_23487

Insert Name: DGKK

Organism: Homo sapiens

Bacterial Resistance: Spectinomycin

Defining Citation: [PMID:21107320](#)

Vector Backbone Description: Backbone Marker:Invitrogen; Backbone Size:5005; Vector Backbone:pDONR223; Vector Types:Gateway Cloning; Bacterial Resistance:Spectinomycin

Comments: The ORF has no Stop codon. This design enables easy recombination into a destination vector to add an epitope tag of choice and Stop codon to the ORF. Do NOT use this plasmid directly for transfections. A set of 4 custom lentiviral vectors is available (pLX301 (<http://www.addgene.org/25895/>) , pLX302 (<http://www.addgene.org/25896/>) , pLX303 (<http://www.addgene.org/25897/>) , pLX304 (<http://www.addgene.org/25890/>)) to be used to express these ORFs in mammalian cells. These plasmids are not included in the kit and must be ordered separately.

Plasmid Name: pDONR223-DGKK

Relevant Mutation: 1MM

Record Creation Time: 20220422T222104+0000

Record Last Update: 20260801T081023+0000

Ratings and Alerts

No rating or validation information has been found for pDONR223-DGKK.

No alerts have been found for pDONR223-DGKK.

Data and Source Information
