pKCcas9dO

RRID:Addgene_62552

Type: Plasmid

Proper Citation

RRID:Addgene_62552

Plasmid Information

URL: <http://www.addgene.org/62552>

Proper Citation: RRID:Addgene_62552

Insert Name: Scocas9

Organism: artificially synthesized, codon optimized gene from Strep pyogenes

Bacterial Resistance: Apramycin

Defining Citation: [PMID:25739462](#)

Vector Backbone Description: Vector Backbone:pKC1139; Vector Types:Bacterial Expression, CRISPR, Bacterial Genome Editing; Bacterial Resistance:Apramycin

Comments: More information is provided in the supplemental files. Please note that the sequence of the backbone (pKC1139) was obtained via Sanger sequencing and several regions may have discrepancies due to high GC content. These discrepancies have no functional consequences.

Plasmid Name: pKCcas9dO

Record Creation Time: 20220422T222358+0000

Record Last Update: 20260815T081753+0000

Ratings and Alerts

No rating or validation information has been found for pKCcas9dO.

No alerts have been found for pKCcas9dO.
