pDD282

RRID:Addgene_66823

Type: Plasmid

Proper Citation

RRID:Addgene_66823

Plasmid Information

URL: <http://www.addgene.org/66823>

Proper Citation: RRID:Addgene_66823

Insert Name: GFP-C1^SEC^3xFlag

Organism: Caenorhabditis elegans

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:26044593](#)

Vector Backbone Description: Backbone Size:2600; Vector Backbone:pUC19 (modified); Vector Types:Worm Expression, Cre/Lox, CRISPR; Bacterial Resistance:Ampicillin

Comments: IMPORTANT NOTE: The repeat regions in this plasmid make it susceptible to recombination. The depositing lab grows the plasmid at 30°C. You may also want to prep and digest multiple single colonies to verify that you have a clone that has not recombined. Sequence note: The full sequence is based on Addgene NGS of our stock. There may be some slight but innocuous inconsistencies with the depositor's GenBank files. One discrepancy affects the sequence of the 3' arm reverse primer (Table P1 and Figure P1) from the associated publication. The first g from the 3' end is missing:[tcacacaggaaacagctatgacctgttat] -> [tcacacaggaaacagctatgaccatttat]

Plasmid Name: pDD282

Record Creation Time: 20220422T222419+0000

Record Last Update: 20260912T093035+0000

Ratings and Alerts

No rating or validation information has been found for pDD282.

No alerts have been found for pDD282.

Data and Source Information
