[pCIneoEGFP](#)

RRID:Addgene_46949

Type: Plasmid

Proper Citation

RRID:Addgene_46949

Plasmid Information

URL: <http://www.addgene.org/46949>

Proper Citation: RRID:Addgene_46949

Insert Name: GFP

Organism: Aequorea victoria

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:18228512](#)

Vector Backbone Description: Backbone Marker:Promega; Backbone Size:5472; Vector Backbone:pCIneo; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Plasmid Name: pCIneoEGFP

Record Creation Time: 20220422T222242+0000

Record Last Update: 20260815T081537+0000

Ratings and Alerts

No rating or validation information has been found for pCIneoEGFP.

No alerts have been found for pCIneoEGFP.

Data and Source Information

Source: [Addgene](#)

Usage and Citation Metrics

We found 5 mentions in open access literature.

Listed below are recent publications. The full list is available at [dkNET](#) .

Molenberghs F, et al. (2024) Lamin B1 curtails early human papillomavirus infection by safeguarding nuclear compartmentalization and autophagic capacity. Cellular and molecular life sciences : CMLS, 81(1), 141.

Harwood MC, et al. (2023) HPV is a cargo for the COPI sorting complex during virus entry. Science advances, 9(3), eadc9830.

Molenberghs F, et al. (2022) Cells infected with human papilloma pseudovirus display nuclear reorganization and heterogenous infection kinetics. Cytometry. Part A : the journal of the International Society for Analytical Cytology, 101(12), 1035.
