Proper Citation

Target Protein Database (RRID:SCR_002124)

Resource Information

URL: http://tpdb.medchem.ku.edu:8080/protein_database/index.jsp

Proper Citation: Target Protein Database (RRID:SCR_002124)

Description: THIS RESOURCE IS NO LONGER IN SERVICE. Documented on July 29, 2022. This database is an attempt to catalog in a convenient, searchable fashion the publicly available information about the identities of mammalian proteins that become covalently adducted by chemically-reactive metabolites of xenobiotic agents. At present all entries pertain to well-identified proteins that become adducted following defined exposures to known chemical agents in vivo or in cell culture experiments. Results from studies using enzymatic or chemical model systems have not been included but may be in the future. The search functions are relatively simple and intuitive, so most users can go straight to the Search page and begin searching. Additional explanations, examples and information about possible future expansions may be found.

Synonyms: TPDB

Resource Type: data or information resource, database

Defining Citation: [PMID:17367530](#), [PMID:18823962](#)

Keywords: chemically reactive metabolites, mammalian protein, xenobiotic agent

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Target Protein Database

Resource ID: SCR_002124

Alternate IDs: nif-0000-20918

Record Creation Time: 20220129T080211+0000

Record Last Update: 20260829T182921+0000

Ratings and Alerts

No rating or validation information has been found for Target Protein Database.

No alerts have been found for Target Protein Database.
