Proper Citation

Public Health Image Library (RRID:SCR_002463)

Resource Information

URL: http://phil.cdc.gov/phil/home.asp

Proper Citation: Public Health Image Library (RRID:SCR_002463)

Description: Database of CDC's pictures organized into hierarchical categories of people, places, and science, presented as single images, image sets, and multimedia files. Much of the information critical to the communication of public health messages is pictorial rather than text-based. Created by a Working Group at the Centers for Disease Control and Prevention (CDC), the PHIL offers an organized, universal electronic gateway to CDC's pictures. Public health professionals, the media, laboratory scientists, educators, students, and the worldwide public are welcome to use this material for reference, teaching, presentation, and public health messages.

Abbreviations: PHIL

Synonyms: Public Health Image Library (PHIL)

Resource Type: database, data or information resource, image collection

Keywords: illustration, multimedia, people, place, public health, electron micrograph, environmental health, bio-terrorism, health behavior, photograph, influenza, natural disaster, FASEB list

Funding: Centers for Disease Control and Prevention

Availability: Images are either Public Domain (free use) or Copyright Protected (restricted, Obtain permission before use). Directly beneath the image you will see a fair use statement that tells you if the image is public domain or copyright protected. Permission is not required for public domain images, But we do ask that you credit the original institution and contributor, When known, Whenever the image is used in any publicly distributed media.

Resource Name: Public Health Image Library

Resource ID: SCR_002463

Alternate IDs: nif-0000-21325

Alternate URLs: http://phil.cdc.gov/phil/default.asp

Record Creation Time: 20220129T080213+0000

Record Last Update: 20250423T060036+0000

Ratings and Alerts

No rating or validation information has been found for Public Health Image Library.

No alerts have been found for Public Health Image Library.
