MoSDi

RRID:SCR_003037

Type: Tool

Proper Citation

MoSDi (RRID:SCR_003037)

Resource Information

URL: <https://code.google.com/p/mosdi/>

Proper Citation: MoSDi (RRID:SCR_003037)

Description: Sequence analysis toolkit that contains a lot of sequence analysis algorithms, including methods for 1) motif statistics, e.g. compute the exact occurrence count distribution of a motif, 2) exact motif discovery: extraction of motifs with provably optimal p-value, 3) analysis of pattern matching algorithms: compute (for given algorithm and pattern) the exact distribution of the number of character accesses caused by searching a random text, 4) statistics of fragment masses resulting from proteolytic cleavage of proteins, 5) computing the expected read length of sequencing reads for a given dispensation order (for 454 or IonTorrent) and 6) analysing sensitivity of spaced alignment seeds.

Synonyms: Motif Statistics and Discovery, Motif Statistics and Discovery - Sequence analysis toolkit for bioinformatics

Resource Type: data processing software, data analysis software, software toolkit, software resource, software application

Defining Citation: [PMID:19478010](#)

Keywords: standalone software, unix/linux, motif

Funding:

Availability: GNU General Public License, v3

Resource Name: MoSDi

Resource ID: SCR_003037

Alternate IDs: OMICS_06271

Record Creation Time: 20220129T080216+0000

Record Last Update: 20250426T055607+0000

Ratings and Alerts

No rating or validation information has been found for MoSDi.

No alerts have been found for MoSDi.
