Proper Citation: Stacks (RRID:SCR_003184)

Description: A software pipeline for building loci from short-read sequences, such as those generated on the Illumina platform. It was developed to work with restriction enzyme-based data, such as RAD-seq, for the purpose of building genetic maps and conducting population genomics and phylogeography.

Abbreviations: Stacks

Resource Type: data analysis software, data processing software, software resource, software application

Defining Citation: PMID:23701397, PMID:22384329, DOI:10.1111/mec.12354

Keywords: population genomics, genetic map, phylogenetics, genetics, next-generation sequencing, rad-seq, genotype-by-sequencing, bio.tools

Funding:

Availability: GNU General Public License, v3

Resource Name: Stacks

Resource ID: SCR_003184

Alternate IDs: OMICS_01567, biotools:stacks

Alternate URLs: https://bio.tools/stacks, https://sources.debian.org/src/stacks/

Record Creation Time: 20220129T080217+0000

Record Last Update: 20250423T060117+0000
