SECISearch3 and Seblastian

RRID:SCR_003186 Type: Tool

Proper Citation

SECISearch3 and Seblastian (RRID:SCR_003186)

Resource Information

URL: http://gladyshevlab.org/SelenoproteinPredictionServer/

Proper Citation: SECISearch3 and Seblastian (RRID:SCR_003186)

Description: Web server to predict eukaryotic selenoproteins and SECIS (SElenoCysteine Insertion Sequences) elements along nucleotide sequences. SECISearch3 replaces its predecessor SECISearch as a tool for prediction of eukaryotic SECIS elements. Seblastian is a method for selenoprotein gene detection that uses SECISearch3 and then predicts selenoprotein sequences encoded upstream of SECIS elements. Seblastian is able to both identify known selenoproteins and predict new selenoproteins.

Abbreviations: SECISearch, Seblastian, SECISearch3

Synonyms: Selenoprotein prediction server

Resource Type: analysis service resource, data analysis service, production service resource, service resource

Defining Citation: PMID:23783574

Keywords: selenoprotein, nucleotide sequence, selenocysteine insertion sequence, sequence

Funding:

Availability: Public, Acknowledgement requested

Resource Name: SECISearch3 and Seblastian

Resource ID: SCR_003186

Alternate IDs: OMICS_01566

Record Creation Time: 20220129T080217+0000

Record Last Update: 20250430T055208+0000

Ratings and Alerts

No rating or validation information has been found for SECISearch3 and Seblastian.

No alerts have been found for SECISearch3 and Seblastian.
