### Resource Information

**URL:** <http://www.vision.edu.au/>

**Proper Citation:** ARC Centre of Excellence in Vision Science (RRID:SCR\_003196)

**Description:** Centre of Excellence in Vision Science that brings together major vision research programs at the The Australian National University with cognate programs at the Universities of Queensland, Sydney and Western Australia. The research is focused on unravelling the cellular basis of visual sensing and processing; on revealing the algorithms that underlie the visual control of behavior and perception; and on discovering the cellular mechanisms that make the eye and retina stable, and whose breakdown causes blindness.

**Abbreviations:** ACEVS
