# **Semantic Automated Discovery and Integration**

RRID:SCR 004130

Type: Tool

### **Proper Citation**

Semantic Automated Discovery and Integration (RRID:SCR\_004130)

#### **Resource Information**

URL: http://sadiframework.org/

Proper Citation: Semantic Automated Discovery and Integration (RRID:SCR\_004130)

**Description:** Framework for discovery of, and interoperability between, distributed data and analytical resources. It combines GET/POST-based Web Services with standards from the W3C Semantic Web initiative. The objective is to make it easy for data and analytical tool providers to make their resources available on the Semantic Web with minimal disruption to their usual practices. It simply defines an open set of best-practices and conventions, within the spectrum of existing standards, that allow for a high degree of semantic discoverability and interoperability between participating services.

Abbreviations: SADI

Synonyms: Semantic Automated Discovery and Integration (SADI), SADI - Semantic

Automated Discovery and Integration

Resource Type: software resource, source code, service resource

**Defining Citation: PMID:21210986** 

Keywords: interoperability framework, discovery framework, interoperability software

Funding: CANARIE;

Heart and Stroke Foundation of B.C. and Yukon;

Canadian Institutes of Health Research;

Microsoft Research

Availability: Open source

**Resource Name:** Semantic Automated Discovery and Integration

Resource ID: SCR\_004130

Alternate IDs: nlx\_143562

License: Creative Commons Attribution License

**Record Creation Time:** 20220129T080222+0000

Record Last Update: 20250519T204647+0000

### Ratings and Alerts

No rating or validation information has been found for Semantic Automated Discovery and Integration.

No alerts have been found for Semantic Automated Discovery and Integration.
