Proper Citation: Roswell Park Cancer Institute (RRID:SCR_004471)

Description: America's first cancer center founded by Dr. Roswell Park. His revolutionary model of a multidisciplinary approach to cancer with scientists and clinicians working in concert and in consult has become the standard by which all modern-day comprehensive cancer centers are measured. RPCI is among the first and only upstate New York facility to hold the National Cancer Institute designation of comprehensive cancer center and to serve as a member of the prestigious National Comprehensive Cancer Network. Many RPCI faculty serve on the NCCN panels that create the Clinical Practice Guidelines in Oncology™ the internationally recognized standards for clinical policy in oncology, and the most comprehensive, most frequently updated clinical practice guidelines available in any area of medicine. Over its long history, Roswell Park Cancer Institute has made fundamental contributions to reducing the cancer burden and has successfully maintained an exemplary leadership role in setting the national standards for cancer care, research and education. Over the last decade, RPCI has undergone major growth, adding over 1,000 new jobs, initiating one of the nation's first hospital facilities dedicated to Phase I cancer research studies, and setting itself apart as a leader in surgical robotics, vitamin D research, immunotherapy and vaccine therapy, studies targeting tumor microenvironment and cancer prevention, and the development and testing of new agents and technology. *Research: From its inception, Roswell Park Cancer Institute identified cancer research as a core element of its mission. Since then, groundbreaking research by RPCI scientists has led to greater understanding of the nature of cancer and to major advances in cancer diagnosis and treatment. * Education: Roswell Park's excellent faculty and strong alliances with the University at Buffalo, as well as other local and regional colleges and universities, enables the Institute to provide a superior, comprehensive education in several fields.

Abbreviations: RPCI
