CASHX

RRID:SCR_005477

Type: Tool

Proper Citation

CASHX (RRID:SCR_005477)

Resource Information

URL: <http://carringtonlab.org/resources/cashx>

Proper Citation: CASHX (RRID:SCR_005477)

Description: Software pipeline to parse, map, quantify and manage large quantities of sequence data. CASHX is a set of tools that can be used together, or as independent modules on their own. The reference genome alignment tools can be used with any reference sequence in fasta format. The pipeline was designed and tested using Arabidopsis thaliana small RNA reads generated using an Illumina 1G.

Abbreviations: CASHX

Synonyms: Cache ASsisted Hash Search with Xor logic Pipeline, CASHX Pipeline, Cache ASsisted Hash Search with Xor logic

Resource Type: software resource

Defining Citation: [PMID:19307293](#)

Funding: NSF MCB-1231726;
NIAI AI43288

Resource Name: CASHX

Resource ID: SCR_005477

Alternate IDs: OMICS_00655

Record Creation Time: 20220129T080230+0000

Record Last Update: 20260919T195054+0000

Ratings and Alerts

No rating or validation information has been found for CASHX.
