CellFinder

RRID:SCR_006598

Type: Tool

Proper Citation

CellFinder (RRID:SCR_006598)

Resource Information

URL: <http://cellfinder.de/>

Proper Citation: CellFinder (RRID:SCR_006598)

Description: Database of mapped validated gene and protein expression, phenotype and images related to cell types. The data allow characterization and comparison of cell types and can be browsed by using the body browser and by searching for cells or genes. All cells are related to more complex systems such as tissues, organs and organisms and arranged according to their position in development. CellFinder provides long-term data storage for validated and curated primary research data and provides additional expert-validation through relevant information extracted from text. Operated under the Open Source/Access model, community and scientific networking applications will allow users to store and retrieve their data and to explore cells and their interactions on singular and complex resolution levels. The involvement of stem cell registries and banks will allow direct access to selected cells. The set up the stem cell data repository will involve three lines of action: * the acquisition of scientific data and contents * the standardized description of this data, its organization with the help of ontologies and technical implementation * the integration of existing sources/logistics and to ensure sustainable long-term operation

Abbreviations: CellFinder

Synonyms: Cell Finder

Resource Type: service resource, production service resource, data analysis service, data or information resource, analysis service resource, database

Defining Citation: [PMID:23599415](#)

Keywords: cell, gene expression, protein expression, phenotype, image, gene, stem cell, cellome, metadata standard, stem cell therapy, differential expression, protein, cell type, development, adrenal gland, gall bladder, intestine, inferior vena cava, kidney, liver, spleen

Funding: BMBF ;
DFG

Resource Name: CellFinder

Resource ID: SCR_006598

Alternate IDs: nlx_153857

Record Creation Time: 20220129T080237+0000

Record Last Update: 20260807T042637+0000

Ratings and Alerts

No rating or validation information has been found for CellFinder.

No alerts have been found for CellFinder.
