Proper Citation: Peptide Resource Page: Your Complete Guide to Peptide Research and Suppliers (RRID:SCR_006676)

Description: A guide to peptide-related research and products including custom peptide suppliers, peptide synthesis reagent suppliers that provide resins, coupling reagents, and protected amino acids as well as biologically active peptides and substrates, peptide synthesizers for solution or solid phase peptide synthesis, peptide sequence analysis services, software to calculate the chemical or biochemical properties of peptides, including the prediction of antigenicity or difficult-to-synthesize sequences. There is an additional section on Proteomics Tools for the identification of proteins from peptide sequences determined by mass spectrometry. The site also contains a set of links to educational materials about peptide related research topics.

Abbreviations: PRP
