Catalogue of Life

RRID:SCR_006701

Type: Tool

Proper Citation

Catalogue of Life (RRID:SCR_006701)

Resource Information

URL: <http://www.catalogueoflife.org/>

Proper Citation: Catalogue of Life (RRID:SCR_006701)

Description: Comprehensive and authoritative global index of species of animals, plants, fungi and micro-organisms. It consists of a single integrated species checklist and taxonomic hierarchy. The Catalogue holds essential information on the names, relationships and distributions of over 1.3 million species. This figure continues to rise as information is compiled from diverse sources around the world. There are two distinct versions of the Catalogue of Life: the Dynamic Checklist and the Annual Checklist. Choose the version most suited to your needs. If you have a taxonomic database and would like to join the Species 2000 federation of databases in the Catalogue of Life please contact the Species 2000 Secretariat: all candidate databases go through a peer review process. The Annual Checklist Exchange Format defines the format for exchanging data.

Abbreviations: CoL

Synonyms: Catalog of Life

Resource Type: data or information resource, database

Keywords: taxon, name, relationship, distribution, taxonomy, region, synonymy, taxonomic tree, specie, FASEB list

Availability: The community can contribute to this resource, Commercial use requires written permission, Acknowledgement required

Resource Name: Catalogue of Life

Resource ID: SCR_006701

Alternate IDs: nlx_153875, r3d100011241

Alternate URLs: <https://doi.org/10.17616/R31050>

Record Creation Time: 20220129T080237+0000

Record Last Update: 20260806T054431+0000

Ratings and Alerts

No rating or validation information has been found for Catalogue of Life.

No alerts have been found for Catalogue of Life.
