Proper Citation

Minimally Invasive Surgical Therapies Treatment Consortium for Benign Prostatic Hyperplasia (RRID:SCR_007126)

Resource Information

URL: http://archives.niddk.nih.gov/patient/mist/mist.aspx

Proper Citation: Minimally Invasive Surgical Therapies Treatment Consortium for Benign Prostatic Hyperplasia (RRID:SCR_007126)

Description: Randomized clinical trial to determine the efficacy and safety of three treatments for benign prostatic hyperplasia (BPH): transurethral needle ablation (TUNA), transurethral microwave therapy (TUMT), and medical therapy with alfuzosin and finasteride. The study has been terminated. (Inability to recruit required sample size.)

Abbreviations: MIST for BPH

Synonyms: Minimally Invasive Surgical Therapies (MIST) Treatment Consortium for Benign Prostatic Hyperplasia (BPH), Minimally Invasive Surgical Therapy Consortium for Benign Prostatic Hyperplasia

Resource Type: resource, clinical trial

Keywords: transurethral microwave thermotherapy, transurethral needle ablation, therapy, drug, finasteride, alfuzosin, treatment, clinical, intervention, male, middle adult human, late adult human, prostate

Related Condition: Benign Prostatic Hyperplasia

Funding: NIDDK

Resource Name: Minimally Invasive Surgical Therapies Treatment Consortium for Benign

Prostatic Hyperplasia

Resource ID: SCR_007126

Alternate IDs: nlx_152844

Record Creation Time: 20220129T080240+0000

Record Last Update: 20250420T015919+0000
