Proper Citation: PaperMaker (RRID:SCR_007269)

Description: PaperMaker delivers feedback on the use of terms and language in a biomedical manuscript. It does not store any submitted data. PaperMaker is a novel IT solution that receives a scientific manuscript via a Web interface, automatically analyses the publication, evaluates consistency parameters and interactively delivers feedback to the author. It analyses the proper use of acronyms and their definitions, and the use of specialized terminology. It provides Gene Ontology (GO) and Medline Subject Headings (MeSH) categorization of text passages, the retrieval of relevant publications from public scientific literature repositories, and the identification of missing or unused references. The end result is that the author receives a summary of findings, the manuscript in its corrected form and a digital abstract containing the GO and MeSH annotations in the NLM/PubMed format.

Abbreviations: PaperMaker

Synonyms: Paper Maker

Resource Type: production service resource, analysis service resource, service resource, data analysis service

Defining Citation: PMID:20200010

Funding:

Resource Name: PaperMaker

Resource ID: SCR_007269

Alternate IDs: nif-0000-00290

Record Creation Time: 20220129T080240+0000

Record Last Update: 20250423T060352+0000
