## Colibri

RRID:SCR\_007606

Type: Tool

### Proper Citation

Colibri (RRID:SCR\_007606)

### Resource Information

**URL:** <http://genolist.pasteur.fr/Colibri/>

**Proper Citation:** Colibri (RRID:SCR\_007606)

**Description:** Database dedicated to the analysis of the genome of Escherichia coli. Its purpose is to collate and integrate various aspects of the genomic information from E. coli, the paradigm of Gram-negative bacteria. Colibri provides a complete dataset of DNA and protein sequences derived from the paradigm strain E. coli K-12, linked to the relevant annotations and functional assignments. It allows one to easily browse through these data and retrieve information, using various criteria (gene names, location, keywords, etc.). The data contained in Colibri originates from two major sources of information, the reference genomic DNA sequence from the E. coli Genome Project and the feature annotations from the EcoGene data collection., THIS RESOURCE IS NO LONGER IN SERVICE. Documented on September 16,2025.

**Abbreviations:** Colibri

**Resource Type:** data or information resource, database

**Defining Citation:** [PMID:8246843](#)

**Keywords:** dna, genome, protein, escherichia coli, escherichia coli genome, escherichia coli protein

**Funding:** CNRS ;  
French Ministry of Higher Education and Research

**Availability:** THIS RESOURCE IS NO LONGER IN SERVICE

**Resource Name:** Colibri

**Resource ID:** SCR\_007606

**Alternate IDs:** nif-0000-02676

**Record Creation Time:** 20220129T080242+0000

**Record Last Update:** 20260806T054444+0000
