# **ERGR- Ethanol-Related Genome Resource**

RRID:SCR\_007643 Type: Tool

### **Proper Citation**

ERGR- Ethanol-Related Genome Resource (RRID:SCR\_007643)

## **Resource Information**

URL: http://bioinfo.mc.vanderbilt.edu/ERGR/

Proper Citation: ERGR- Ethanol-Related Genome Resource (RRID:SCR\_007643)

**Description:** The aim of the Ethanol-Related Gene Resource (ERGR) database is to provide a comprehensive and useful gene resource to the Ethanol/Alcohol research community. Currently, the ERGR database contains more than 30 large datasets from literature and 21 mouse QTLs from public database. These data are from 5 organisms (human, mouse, rat, fly and worm) and produced by multiple approaches (expression, association, linkage, QTL, literature search etc). Users can browse or search the database in different levels. Moreover, ERGR provides data integration (union and intersection) and candidate gene selection based on multiple datasets or organisms.

Synonyms: ERGR

Resource Type: data or information resource, database

Keywords: ethanol, ethanol research, alcohol, alcohol research

Funding:

Resource Name: ERGR- Ethanol-Related Genome Resource

Resource ID: SCR\_007643

Alternate IDs: nif-0000-02812

Old URLs: http://bioinfo.vipbg.vcu.edu/ERGR/

Record Creation Time: 20220129T080242+0000

Record Last Update: 20250426T055946+0000

# **Ratings and Alerts**

No rating or validation information has been found for ERGR- Ethanol-Related Genome Resource.

No alerts have been found for ERGR- Ethanol-Related Genome Resource.
