Proper Citation: OHSU Layton Aging and Alzheimer's Disease Center (RRID:SCR_008821)

Description: An aging and Alzheimer's disease research center that conducts studies of treatments, technologies for patient support, genetics, neuroimaging, and pathology. The Center's clinical research focuses on understanding differing rates of progression and cognitive decline as compared to optimal cognitive health in the elderly and are currently studying methods of gauging the progression of Alzheimer's disease through research in genetics, neuroimaging, and cerebrospinal fluid biomarkers. Clinical trials performed at the Center include drugs targeted to ameliorate the symptoms of memory failure and slow the progression of disease.

Synonyms: Layton Aging and Alzheimers Disease Center, Layton Center, OHSU Layton Center, C. Rex and Ruth H. Layton Aging and Alzheimer's Disease Center

Resource Type: portal, data or information resource, disease-related portal, training resource, topical portal

Keywords: alzheimer's disease, late adult human, dementia, brain, oregon, training resource, aging, clinical research, clinical trial

Related Condition: Aging, Alzheimer's disease

Funding: NIA

Availability: Public

Resource Name: OHSU Layton Aging and Alzheimer's Disease Center

Resource ID: SCR_008821

Alternate IDs: nlx_144445

Record Creation Time: 20220129T080249+0000

Record Last Update: 20250426T060044+0000
