## Common Terminology Criteria for Adverse Events

RRID:SCR\_010296

Type: Tool

### Proper Citation

Common Terminology Criteria for Adverse Events (RRID:SCR\_010296)

### Resource Information

**URL:** <http://purl.bioontology.org/ontology/CTCAE>

**Proper Citation:** Common Terminology Criteria for Adverse Events (RRID:SCR\_010296)

**Description:** A coding system for reporting adverse events that occur in the course of cancer therapy. It was derived from the Common Toxicity Criteria (CTC) v2.0 and is maintained by the Cancer Therapy Evaluation Program (CTEP) at the National Cancer Institution (NCI).

**Abbreviations:** CTCAE

**Resource Type:** ontology, data or information resource, controlled vocabulary

**Keywords:** owl

**Related Condition:** Cancer

**Resource Name:** Common Terminology Criteria for Adverse Events

**Resource ID:** SCR\_010296

**Alternate IDs:** nlx\_157370

**Record Creation Time:** 20220129T080257+0000

**Record Last Update:** 20260805T044238+0000

### Ratings and Alerts

No rating or validation information has been found for Common Terminology Criteria for Adverse Events.

No alerts have been found for Common Terminology Criteria for Adverse Events.
