Mimics

RRID:SCR_012153

Type: Tool

Proper Citation

Mimics (RRID:SCR_012153)

Resource Information

URL: <http://biomedical.materialise.com/mimics>

Proper Citation: Mimics (RRID:SCR_012153)

Description: Software for medical image processing. Use Mimics for the segmentation of 3D medical images (coming from CT, MRI, microCT, CBCT, Ultrasound, Confocal Microscopy) and the result will be highly accurate 3D models of your patient's anatomy. You can then use these patient-specific models for a variety of engineering applications directly in Mimics or 3-matic, or export the 3D models and anatomical landmark points to 3rd party software, like statistical, CAD, or FEA packages.

Abbreviations: Mimics

Synonyms: Materialise MIMICS, Mimics - Medical Image Segmentation for Engineering on Anatomy

Resource Type: segmentation software, data processing software, software resource, software application, image processing software, image analysis software, commercial organization

Keywords: segmentation, 3d-rendering, micro-ct, ct, mri, cbct, ultrasound, confocal microscopy, anatomy

Resource Name: Mimics

Resource ID: SCR_012153

Alternate IDs: rid_000086

Record Creation Time: 20220129T080308+0000

Record Last Update: 20260805T044254+0000

Ratings and Alerts

No rating or validation information has been found for Mimics.

No alerts have been found for Mimics.
