Proper Citation: IUPHAR/BPS Guide to Pharmacology (RRID:SCR_013077)

Description: Portal and searchable database of pharmacological information. Information is presented at two levels, the initial view or landing pages for each target family provide expert-curated overviews of the key properties and the available selective ligands and tool compounds. For selected targets, more detailed introductory chapters for each family are available along with curated information on the pharmacological, physiological, structural, genetic and pathophysiological properties of each target.

Abbreviations: IUPHAR Database, IUPHAR-DB, IUPHAR GPCR, IUPHAR RECEPTOR

Synonyms: International Union of Pharmacology Database, International Union of Basic and Clinical Pharmacology Database

Resource Type: narrative resource, data or information resource, database, standard specification, portal

Defining Citation: [PMID:21087994](#)

Keywords: pharmacology, drug discovery, portal, guide, physiology, molecular structure, bio.tools, FASEB list

Funding: Wellcome Trust

Resource Name: IUPHAR/BPS Guide to Pharmacology
