Proper Citation: National Institute of Neurological Disorders and Stroke (RRID:SCR_013116)

Description: National institute whose mission is to reduce the burden of neurological disease - a burden borne by every age group, by every segment of society, by people all over the world. To accomplish this goal the NINDS supports and conducts basic, translational, and clinical research on the normal and diseased nervous system. The Institute also fosters the training of investigators in the basic and clinical neurosciences, and seeks better understanding, diagnosis, treatment, and prevention of neurological disorders. NINDS: * Conducts, fosters, coordinates, and guides research on the causes, prevention, diagnosis, and treatment of neurological disorders and stroke, and supports basic research in related scientific areas. * Provides grants-in-aid to public and private institutions and individuals in fields related to its areas of interest, including research project, program project, and research center grants. * Operates a program of contracts for the funding of research and research support efforts in selected areas of institute need. * Provides individual and institutional fellowships to increase scientific expertise in neurological fields. * Conducts a diversified program of intramural and collaborative research in its own laboratories, branches, and clinics. * Collects and disseminates research information related to neurological disorders.

Abbreviations: NINDS

Synonyms: National Institute of Neurological Disorders and Stroke

Resource Type: institution

Resource Name: National Institute of Neurological Disorders and Stroke

Resource ID: SCR_013116

Alternate IDs: Wikidata: Q645285, Crossref funder ID: 100000065, nlx_inv_1005110, grid.416870.c, ISNI: 0000 0001 2177 357X

Alternate URLs: <https://ror.org/01s5ya894>

Record Creation Time: 20220129T080314+0000

Record Last Update: 20260801T190444+0000

Ratings and Alerts

No rating or validation information has been found for National Institute of Neurological Disorders and Stroke.

No alerts have been found for National Institute of Neurological Disorders and Stroke.
