Proper Citation: Merge Healthcare Incorporated (RRID:SCR_013521)

Description: Merge Healthcare Incorporated develops solutions that automate healthcare data and diagnostic workflow to enable a better electronic record of the patient experience, and to enhance product development for health IT, device and pharmaceutical companies. Merge products, ranging from standards-based development toolkits to sophisticated clinical applications, have been used by healthcare providers, vendors and researchers worldwide for over 20 years. Merge Healthcare utilizes decades of technology, expertise, intellectual property, innovative software development and expert services to build IT solutions for healthcare and biopharmaceutical customers worldwide. Merge Healthcares OEM applications and toolkits improve the process of transferring diagnostic data and images, and support integration of data from imaging procedures into broader health IT applications. These solutions provide an advanced start to software development, and are quietly inside many of today"s health IT systems. Merge Healthcares Medical Imaging Solutions bring mission-critical improvements for imaging workflow, from scheduling to billing through disaster recovery. Our Perioperative Solutions provide enhanced workflow for the entire surgery experience. Our customers, from the largest outpatient center chains to rural hospitals, have relied on Merge to bring them the solutions and services needed to run clinically and financially successful businesses. Merge Healthcares eClinical business unit, recently added through the acquisition of etrials Worldwide Inc., provides adaptive webbased tools that coordinate to transform data into intelligence and speed the path to an actionable study endpoint for clinical trials. Pharmaceutical, biotechnology, medical device and contract research organizations use integrated trial, site and patient solutions for realtime access to the high quality data they need to make informed decisions.

Abbreviations: Merge

Synonyms: Merge Healthcare

Resource Type: production service resource, service resource

Keywords: electronic, biopharmaceutical, biotechnology, care, clinical, device, health, healthcare, imaging, medical, patient, pharmaceutical, record, bioinformatics, clinical system,

innovation

Funding:

Availability: Commercial license

Resource Name: Merge Healthcare Incorporated

Resource ID: SCR_013521

Alternate IDs: nif-0000-33207

Old URLs: http://www.merge.com/home.html

Record Creation Time: 20220129T080316+0000

Record Last Update: 20250516T054019+0000

Ratings and Alerts

No rating or validation information has been found for Merge Healthcare Incorporated.

No alerts have been found for Merge Healthcare Incorporated.
