Single Cell Portal

RRID:SCR_014816

Type: Tool

Proper Citation

Single Cell Portal (RRID:SCR_014816)

Resource Information

URL: https://singlecell.broadinstitute.org/single_cell

Proper Citation: Single Cell Portal (RRID:SCR_014816)

Description: Portal specializes in visualizing and disseminating single cell data. Allows you to use natural language and faceted search to discover other scientists' research and share your own findings. Each study includes information on cell types, singular or multiple gene expression, and spatial transcriptomics. Interactive visualizations allow to explore cell clusters and search for related genes.

Abbreviations: SCP

Synonyms: Single-Cell RNA-Seq Portal for Brain Research

Resource Type: data or information resource, portal

Keywords: Single cell data visualization, disseminating single cell data, single cell data, brain, RNA, rna seq, multiple gene expression, spatial transcriptomics, open science

Availability: Free, Available for download, Freely available

Resource Name: Single Cell Portal

Resource ID: SCR_014816

Alternate URLs: https://portals.broadinstitute.org/single_cell?utf8=?&search_terms=e+coli&order=&commit=

Record Creation Time: 20220129T080322+0000

Record Last Update: 20260806T054612+0000

Ratings and Alerts

No rating or validation information has been found for Single Cell Portal.

No alerts have been found for Single Cell Portal.

Data and Source Information
