Hierarchical Region Splitting

RRID:SCR_016398

Type: Tool

Proper Citation

Hierarchical Region Splitting (RRID:SCR_016398)

Resource Information

URL: <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3520032/>

Proper Citation: Hierarchical Region Splitting (RRID:SCR_016398)

Description: Algorithm for computational imaging of MRI data that detects and quantifies ischemic core–penumbra using only a single MRI modality (T2- or diffusion-weighted imaging, T2WI/DWI). It can be used with 3D data on lesions and normal-appearing brain matter (NABM) volumes.

Abbreviations: HRS

Synonyms: Hierarchical Region Splitting (HRS)

Resource Type: algorithm resource, software resource

Defining Citation: [PMID:22929436](#)

Keywords: mri, neuroimaging, modality, t2, diffusion, 3d, brain, lesion, nabm, core, penumbra, computation, hypoxia, ischemic

Availability: Freely available

Resource Name: Hierarchical Region Splitting

Resource ID: SCR_016398

Record Creation Time: 20220129T080330+0000

Record Last Update: 20260815T183003+0000

Ratings and Alerts

No rating or validation information has been found for Hierarchical Region Splitting.

No alerts have been found for Hierarchical Region Splitting.
