Resource Information

URL: <https://immunedb.readthedocs.io/en/latest/>

Proper Citation: ImmuneDB (RRID:SCR_017125)

Description: Software system for storing and analyzing high throughput B and T cell immune receptor sequencing data. Comprised of web interface and of Python analysis tools to process raw reads for gene usage, infer clones, aggregate data, and run downstream analyses, or in conjunction with other AIRR tools using its import and export features.

Resource Type: production service resource, service resource, database, data or information resource, data analysis service, analysis service resource

Defining Citation: [PMID:30298069](#)

Keywords: collect, store, analysis, B cell, T cell, immune, receptor, sequencing, data, process, raw, read

Funding: NIAID P01 AI106697;
NIAID P30 AI0450080;
NIDDK UC4 DK112217;
NCI P30 CA016520

Availability: Free, Available for download, Freely available

Resource Name: ImmuneDB

Resource ID: SCR_017125

Alternate URLs: <https://github.com/arsenfeld/immunedb>

License: GNU GPL v3

Record Creation Time: 20220129T080333+0000

Record Last Update: 20250424T065456+0000

Ratings and Alerts

No rating or validation information has been found for ImmuneDB.

No alerts have been found for ImmuneDB.
