Proper Citation: immunarch (RRID:SCR\_023089)

**Description:** Software R package for exploration of single-cell and bulk T-cell/antibody immune repertoires. Framework for bioinformatics exploratory analysis of bulk and single-cell T-cell receptor and antibody repertoires.

**Resource Type:** software toolkit, data analysis software, software application, data processing software, software resource

**Keywords:** exploratory analysis, bulk and single-cell T-cell receptor, antibody repertoires

**Funding:** 

Availability: Free, Available for download, Freely available
