genetics

RRID:SCR_024279

Type: Tool

Proper Citation

genetics (RRID:SCR_024279)

Resource Information

URL: <https://cran.r-project.org/web/packages/genetics/index.html>

Proper Citation: genetics (RRID:SCR_024279)

Description: Software R package for handling genetic data. Includes classes to represent genotypes and haplotypes at single markers up to multiple markers on multiple chromosomes. Function include allele frequencies, flagging homo/heterozygotes, flagging carriers of certain alleles, estimating and testing for Hardy-Weinberg disequilibrium, estimating and testing for linkage disequilibrium.

Resource Type: software toolkit, software resource

Keywords: handling genetic data, allele frequencies, flagging homo/heterozygotes, flagging carriers of certain alleles, estimating and testing for Hardy-Weinberg disequilibrium, estimating and testing for linkage disequilibrium,

Availability: Free, Available for download, Freely available,

Resource Name: genetics

Resource ID: SCR_024279

Alternate URLs: <https://sources.debian.org/src/r-cran-genetics/>

License: GPL-2 | GPL-3 [expanded from: GPL]

Record Creation Time: 20230830T050217+0000

Record Last Update: 20260806T054801+0000

Ratings and Alerts

No rating or validation information has been found for genetics.

No alerts have been found for genetics.
