Proper Citation: Cartopy (RRID:SCR_024587)

Description: Software Python package designed for geospatial data processing in order to produce maps and other geospatial data analyses. Cartographic library with matplotlib support.

Resource Type: software library, software resource, software toolkit

Keywords: geospatial data processing, produce maps production, geospatial data analyses,

Availability: Free, Available for download, Freely available

Resource Name: Cartopy

Resource ID: SCR_024587
