Penn State Critical Illness and Sepsis Research Center Core Facility (RRID:SCR_026307)

Resource Information

URL: <https://research.med.psu.edu/sepsis/>

Proper Citation: Penn State Critical Illness and Sepsis Research Center Core Facility (RRID:SCR_026307)

Description: Offers centralized access to critical care clinicians and researchers from diverse disciplines, fostering multidisciplinary collaboration. Supports investigators seeking intramural or extramural partnerships to advance research on sepsis and critical illness. Expands institutional biobanks by incorporating datasets and research specimens from adult and pediatric patients with sepsis. Utilizes immunologic assays and machine learning techniques to investigate different subtypes of sepsis. Develops translational rodent models that are relevant to the study of critical illness. Provides resources to educate clinicians, trainees and patients about septic illness.

Synonyms: , Penn State Critical Illness and Sepsis Research Center

Resource Type: access service resource, service resource, core facility

Keywords: critical care, multidisciplinary collaboration, advance research on sepsis and critical illness,

Resource Name: Penn State Critical Illness and Sepsis Research Center Core Facility

Resource ID: SCR_026307

Record Creation Time: 20250117T053346+0000

Record Last Update: 20260806T054826+0000

Ratings and Alerts

No rating or validation information has been found for Penn State Critical Illness and Sepsis Research Center Core Facility.

No alerts have been found for Penn State Critical Illness and Sepsis Research Center Core Facility.
