Children's Hospital of Philadelphia Research Institute CHOP Gastrointestinal Epithelium Modeling Core Facility

RRID:SCR_026402

Type: Tool

Proper Citation

Children's Hospital of Philadelphia Research Institute CHOP Gastrointestinal Epithelium Modeling Core Facility (RRID:SCR_026402)

Resource Information

URL: <https://www.chop.edu/centers-programs/gastrointestinal-epithelium-modeling-gem-program>

Proper Citation: Children's Hospital of Philadelphia Research Institute CHOP Gastrointestinal Epithelium Modeling Core Facility (RRID:SCR_026402)

Description: Core is component of the GEM Program collaborative research effort focused on accelerating discovery and innovation using patient tissue-derived organoids. GEM Core staff generate and maintain living biobank of tissue-derived organoids with matched original tissue and blood specimens and provide access to specialized training, protocols, and reagents.

Abbreviations: GEM

Synonyms: , Children's Hospital of Philadelphia Research Institute CHOP Gastrointestinal Epithelium Modeling (GEM) Core, CHOP Gastrointestinal Epithelium Modeling (GEM) Core

Resource Type: service resource, storage service resource, access service resource, biobank, core facility, material storage repository

Keywords: ABRF, patient tissue-derived organoids, living biobank of tissue-derived organoids, matched original tissue and blood specimens,

Resource Name: Children's Hospital of Philadelphia Research Institute CHOP Gastrointestinal Epithelium Modeling Core Facility

Resource ID: SCR_026402

Alternate IDs: ABRF_3032

Alternate URLs: <https://coremarketplace.org/?FacilityID=3032&citation=1>

Record Creation Time: 20250208T060343+0000

Record Last Update: 20260818T043818+0000

Ratings and Alerts

No rating or validation information has been found for Children's Hospital of Philadelphia Research Institute CHOP Gastrointestinal Epithelium Modeling Core Facility.

No alerts have been found for Children's Hospital of Philadelphia Research Institute CHOP Gastrointestinal Epithelium Modeling Core Facility.
