University of Florida Scripps Institute for Biomedical Innovation and Technology Metabolic Core Facility

RRID:SCR_027279
Type: Tool

Proper Citation

University of Florida Scripps Institute for Biomedical Innovation and Technology Metabolic Core Facility (RRID:SCR_027279)

Resource Information

URL: https://wertheim.scripps.ufl.edu/cores-and-technologies/metabolic-core/

Proper Citation: University of Florida Scripps Institute for Biomedical Innovation and Technology Metabolic Core Facility (RRID:SCR_027279)

Description: Core for In Vivo and In Vitro metabolic phenotyping. Provides validated in vitro and in vivo tests. Phenotyping applications span from mitochondrial and cellular metabolism to whole body animal physiology. Provides instrument training, experimental design, data analysis. Studies can be performed by staff, but IACUC-approved Animal Use Protocols are also available to help investigators use resources on their own.

Resource Type: access service resource, service resource, core facility

Keywords: ABRF, In Vivo, In Vitro, metabolic phenotyping,

Resource Name: University of Florida Scripps Institute for Biomedical Innovation and Technology Metabolic Core Facility

Resource ID: SCR_027279

Alternate IDs: ABRF_4077

Alternate URLs: https://coremarketplace.org/RRID:SCR_027279/?citation=1

Record Creation Time: 20250811T213301+0000

Record Last Update: 20260818T043826+0000

Ratings and Alerts

No rating or validation information has been found for University of Florida Scripps Institute for Biomedical Innovation and Technology Metabolic Core Facility.

No alerts have been found for University of Florida Scripps Institute for Biomedical Innovation and Technology Metabolic Core Facility.
