PredSL

RRID:SCR_000626

Type: Tool

Proper Citation

PredSL (RRID:SCR_000626)

Resource Information

URL: <http://aias.biol.uoa.gr/PredSL/>

Proper Citation: PredSL (RRID:SCR_000626)

Description: Web tool using an algorithm that exploits neural networks, Markov Chains, and HMMs for the prediction of the subcellular localization of proteins in eukaryotic cells from the N-terminal amino acid sequence and aims to classify proteins into five groups: Chloroplast, Thylakoid, Mitochondrion, Secreted proteins, and Other. As input PredSL requires the protein's sequence in fasta format.

Abbreviations: PredSL

Synonyms: PREDiction of Subcellular Location from the N-terminal Sequence

Resource Type: data access protocol, software resource, web service

Defining Citation: [PMID:16689702](#)

Keywords: subcellular localization of proteins prediction, proteins in eukaryotic cells prediction, N-terminal amino acid sequence prediction, classify proteins,

Resource Name: PredSL

Resource ID: SCR_000626

Alternate IDs: nlx_151739

Old URLs: <http://hannibal.biol.uoa.gr/PredSL/>

Record Creation Time: 20220129T080202+0000

Record Last Update: 20260821T193618+0000

Ratings and Alerts

No rating or validation information has been found for PredSL.

No alerts have been found for PredSL.
