Teleost Anatomy Ontology

RRID:SCR_001610

Type: Tool

Proper Citation

Teleost Anatomy Ontology (RRID:SCR_001610)

Resource Information

URL: https://wiki.phenoscape.org/wiki/Teleost_Anatomy_Ontology

Proper Citation: Teleost Anatomy Ontology (RRID:SCR_001610)

Description: A multi-species anatomy ontology for teleost fishes. It was originally seeded from ZFA, but covers terms relevant to other taxa. The TAO uses terms from the Common Anatomy Reference Ontology (CARO) as a template for its upper level nodes, and the Vertebrate Skeletal Anatomy Ontology (VSAO) for general skeletal anatomy classes. Growth of the TAO is enabled by contributions from data curators and the ichthyological community. The TAO can be browsed by using the NCBO BioPortal and data annotated using TAO terms can be queried using the Phenoscape Knowledgebase.

Abbreviations: TAO

Resource Type: controlled vocabulary, data or information resource, ontology

Defining Citation: [PMID:20547776](#)

Keywords: homology, anatomy, morphology, fish, obo, organismal, zebrafish anatomy

Availability: Free, Freely available

Resource Name: Teleost Anatomy Ontology

Resource ID: SCR_001610

Alternate IDs: nlx_153876

Alternate URLs: <http://purl.obolibrary.org/obo/tao.obo>,
