Database of Rice Transcription Factors

RRID:SCR_002413 Type: Tool

Proper Citation

Database of Rice Transcription Factors (RRID:SCR_002413)

Resource Information

URL: http://drtf.cbi.pku.edu.cn/

Proper Citation: Database of Rice Transcription Factors (RRID:SCR_002413)

Description: Database collection of known and predicted transcription factors of Oryza sativa L. ssp. indica and Oryza sativa L. ssp. japonica. DRTF currently contains 2,025 putative transcription factors (TF) gene models in indica and 2,384 in japonica, distributed in 63 families.

Abbreviations: DRTF

Resource Type: data or information resource, database

Defining Citation: PMID:16551659

Keywords: oryza sativa indica, oryza sativa japonica, rice transcription, rice, transcription factor, gene model, blast

Funding: NSFC 863 Programme 2003CB715900 (973); NSFC 863 Programme 90408015

Availability: Free

Resource Name: Database of Rice Transcription Factors

Resource ID: SCR_002413

Alternate IDs: OMICS_00554, nif-0000-02771

Record Creation Time: 20220129T080213+0000

Record Last Update: 20250429T054732+0000

Ratings and Alerts

No rating or validation information has been found for Database of Rice Transcription Factors.

No alerts have been found for Database of Rice Transcription Factors.
