NCBI database of Genotypes and Phenotypes
RRID:SCR_002709
Type: Tool

Proper Citation
NCBI database of Genotypes and Phenotypes (RRID:SCR_002709)

Resource Information

Description: Database developed to archive and distribute data and results from studies that have investigated interaction of genotype and phenotype in humans. Database to archive and distribute results of studies including genome-wide association studies, medical sequencing, molecular diagnostic assays, and association between genotype and non-clinical traits.

Resource Name: NCBI database of Genotypes and Phenotypes

Proper Citation: NCBI database of Genotypes and Phenotypes (RRID:SCR_002709)

Resource Type: Resource, service resource, data or information resource, data repository, storage service resource, database

Keywords: clinical, trial, genotype, interaction, homology, cell, morphology, interaction, phenotype, molecular diagnosis, genetic recombination, gold standard

Resource ID: SCR_002709

Parent Organization: NCBI

Funding Agency: NLM

Availability: Restricted

Website Status: Last checked up

Alternate IDs: nif-0000-23342, OMICS_00263

Abbreviations: dbGaP

Mentions Count: 401

Ratings and Alerts

No rating or validation information has been found for NCBI database of Genotypes and Phenotypes.

No alerts have been found for NCBI database of Genotypes and Phenotypes.

Data and Source Information
