Drug Related Gene Database

RRID:SCR_003330

Type: Tool

Proper Citation

Drug Related Gene Database (RRID:SCR_003330)

Resource Information

URL: https://confluence.crbs.ucsd.edu/display/NIF/DRG

Proper Citation: Drug Related Gene Database (RRID:SCR_003330)

Description: Gene expression data from published journal articles that test hypotheses relevant to neuroscience of addiction and addictive behavior. Data types include effects of particular drug, strain, or knock out on particular gene, in particular anatomical region. Focuses on gene expression data and exposes data from investigations using DNA microarrays, polymerase chain reaction, immunohistochemistry and in-situ hybridizations. Data are available for query through NIF interface. Data submissions are welcome.

Abbreviations: DRG

Synonyms: DRG Database, Drug Dependent Gene Database

Resource Type: database, data or information resource

Keywords: drug of abuse, gene expression, brain region, brain, american recovery and

reinvestment act, brain, dna microarray, microarray, addiction

Funding: NIDA

Availability: Restricted

Resource Name: Drug Related Gene Database

Resource ID: SCR_003330

Alternate IDs: nif-0000-37443

Alternate URLs:
